

Fraunhofer CCL Open House

The Fraunhofer Center for Coatings and Laser Applications (CCL) opens its doors to you! Since establishing our center a few years ago we have made great progress in further developing our advanced coating technologies. You are invited to attend our Coating Division's

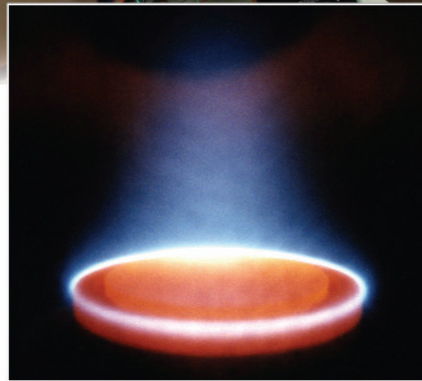

Open House
Wednesday, November 14th, 2007
3:30 pm to 7:00 pm

Join us to learn about Fraunhofer's special role in bridging the gap between research and industry. Experience this rare insight into our technologies: see how we 'grow' diamond in our laboratory, develop superhard coatings and biocompatible thin-films with our unique systems technology and much more.

Talk to our team, network with key industry and government colleagues and enjoy food, refreshments and music!

Directions from I-96

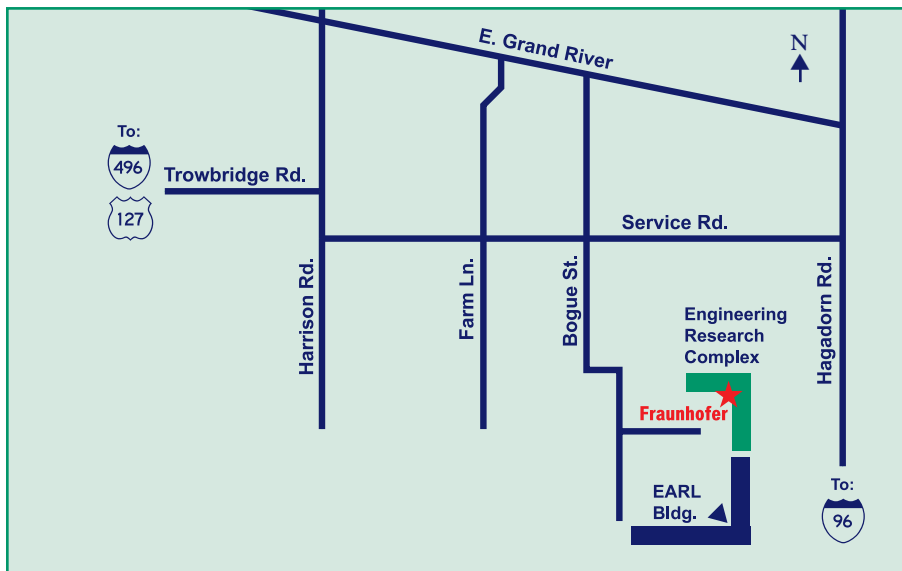

- Exit 110 - north (Okemos)
- West (LEFT) onto Jolly Rd.
- North (RIGHT) onto Hagadorn Rd.
- After ~ 2.5 miles take Michigan left onto Service Rd.
- After ~0.3 miles turn left on Bogue St.
- Follow signs to Engineering Research Complex / Fraunhofer

CVD plasma of diamond

Directions from I-496

- Exit 9 Trowbridge Rd.
- South (RIGHT) onto S Harrison
- East (LEFT) onto Service Rd.
- South (RIGHT) onto Bogue St.
- Follow signs to Engineering Research Complex/Fraunhofer

Open House Agenda

3.30pm - 4.30pm

Welcome and general overview presentations

4.30pm - 5.30pm

Facility open house and technology demonstrations

5.00pm - 7.00pm

Networking, food, refreshments and music

Fraunhofer CCL is partnered with Michigan State University. Our facility is located at the Engineering Research Complex on the MSU campus, East Lansing, MI.

RSVP by November 7th to: Claire Rosser at 517 432-8711, crosser@fraunhofer.org or Tracey Hawkey 517 432-8709, thawkey@fraunhofer.org
